CIPHERED TELEGRAM No. 21266

SERIES "G"

To Comrade FILIPPOV [Stalin]

I report:

A meeting took place 27.6.51 at 19 hours 30 minutes Beijing time.

In the conversation Comrade Mao Zedong expressed the opinion that the 6th, 12th and 14th fighter aviation divisions, which have been trained on MIG-9s, must retrain on MIG-15s before being sent to the front. The period of retraining was established as one and a half to two months, so that these divisions could take part in the forthcoming operations in Korea.

To the question I raised about the construction of three additional airbases for the deployment of Chinese divisions, Comrade Mao Zedong answered that Nie Rongzhen in the name of the Prime Minister sent a telegram to Comrade Kim Il Sung with a request to select a place to the south of Pyongyang and as soon as possible build three airbases there for jet planes.

The commander of the VVS [Air Force] of the PLA [People's Liberation Army] of China Liu Yalou, who was present at the conversation, stated that they have in mind using the MIG-9s in the future in schools and in the PVO [Anti- Aircraft Defense] system of the country.

An order was given by me to the commands of the 17th, 144th and 328th fighter aviation divisions immediately to begin retraining the 6th, 12th and 14th Chinese fighter aviation divisions on MIG-15 planes, according to the confirmed program.
